Jordan Ellery

Senior Data Analyst | Retail and Subscription Analytics

jordan.ellery@example.com | +44 7700 900123 | Manchester, UK | linkedin.com/in/jordan-ellery-example | jordanellery.example

PROFESSIONAL SUMMARY

Data analyst with 7 years in retail and subscription businesses, building reporting that finance and marketing teams use weekly. Strongest in SQL, experimentation and dashboard design. Looking for a senior analytics role where I can own metrics end to end.

EXPERIENCE

Senior Data Analyst Mar 2022 - Present
Harbourline Retail (fictional) | Manchester, UK

- Rebuilt the weekly trading dashboard in Looker, cutting report preparation from 6 hours to 45 minutes for a 12-person merchandising team.
- Designed and analysed 18 A/B tests on checkout and pricing pages; two winning variants lifted conversion by 3.1% and added about 410,000 GBP annual revenue.
- Created a churn-risk model in Python used by the CRM team; targeted offers reduced 90-day churn by 2.4 points.
- Mentored 3 junior analysts and introduced SQL code review, reducing rework on delivered reports.

Data Analyst Sep 2019 - Feb 2022
Brightwell Media (fictional) | Leeds, UK

- Automated 14 recurring subscription reports with Python and scheduled SQL, saving roughly 20 analyst hours per month.
- Standardised customer lifetime value definitions across 3 teams, resolving a 9% discrepancy between finance and marketing figures.
- Presented monthly insight reviews to the leadership team, leading to a retention campaign that grew renewals by 5%.

Junior Analyst Jul 2017 - Aug 2019
Corvin Logistics (fictional) | Sheffield, UK

- Maintained delivery-performance reports for 40 depots and flagged 6 recurring route delays that operations then fixed.
- Cleaned and merged 5 data sources in Excel and SQL, improving report accuracy checks from monthly to daily.

SKILLS

Analytics: SQL (BigQuery, PostgreSQL), A/B testing, Cohort and retention analysis, Forecasting
