PROFILE

Product designer with 8 years across B2B SaaS and fintech. I take messy workflows from research to shipped, measured design, and I work closely with engineers from the first sketch.

EXPERIENCE

Lead Product Designer Jan 2023 - Present
Larkspur Payments (fictional) | Remote

- Led redesign of the merchant onboarding flow across 4 squads; completion rate rose from 58% to 74% within two quarters.
- Built a design system of 60 components in Figma with engineering, cutting average UI build time per feature by about 30%.
- Ran 25 moderated usability sessions and turned findings into a prioritised roadmap adopted by the product leadership team.
- Managed 2 designers, setting quarterly goals and weekly critique routines.

Senior Product Designer Apr 2019 - Dec 2022
Tidemark Software (fictional) | Austin, TX

- Designed the reporting module for an analytics product used by 3,200 accounts; support tickets about reports fell by 35%.
- Introduced a research repository and monthly customer interviews, informing 6 roadmap changes.
- Partnered with 2 engineering teams to ship accessibility fixes bringing the app to WCAG 2.1 AA on core flows.

Product Designer Aug 2016 - Mar 2019
Cobalt Mobility (fictional) | Denver, CO

- Shipped the rider app booking redesign, increasing completed bookings by 12% in the first month.
- Created prototypes in Figma and Principle for 9 experiments, 4 of which moved to production.

UX Designer Jun 2014 - Jul 2016
Pinegate Studio (fictional) | Austin, TX

- Delivered websites and mobile prototypes for 15 small-business clients from discovery to handoff.
- Facilitated 10 stakeholder workshops to agree scope and priorities.

PROJECTS

Open accessibility checklist Wrote a one-page contrast and keyboard checklist for designers, shared with a community of about 800 members.
